

TASKI® Sani Acid

Heavy-duty descaler

Description

Heavy-duty limescale remover for acid resistant hard surfaces.

Key properties

- Concentrated phosphoric acid based cleaner
- Contains a corrosion inhibitor
- Unique, patented Odour Neutralizing Technology (O.N.T.)
- Fresh fragrance

Benefits

- Quickly removes calcium / limescale deposits as well as urine deposits and rust stains from acid resistant surfaces
- Effective on a wide variety of acid soluble deposits and stains
- Gentle to the surfaces to be descaled
- Leaves a pleasant, fresh fragrance

Use instructions

Dosage:

TASKI Sani Acid is available in various pack sizes and is dosed manually.

Dosage spray: 5-25ml (1-5%) / 500ml.

Dosage bucket: 100-500ml (1-5%) / 10L.

Proper dosage saves costs and minimizes environmental impact.

Application:

1. Spray method:

- Spray the solution on a damp cloth and wipe
- Use a sponge pad to remove stubborn soil
- Rinse or replace the cloth regularly

2. Bucket method:

- Apply the solution with a cloth/sponge or mop and wipe
- Use a sponge pad to remove stubborn soil

3. Wet mopping method:

- Fill in the solution into the full water tank of a single disc machine or scrubber drier. Apply the solution, allow if necessary and remove the soiled solution.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey Care representative for directions. Actual dosage depends on site conditions (water hardness, degree of soiling, procedures)*

TASKI®

Sani Acid

Technical data

Appearance: Clear, red liquid

pH value (neat): 2

pH value (in use): 1.5

Relative density (20°C): 1.21 g/cm³

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature.

Only for professional users / specialists.

Product compatibility

Do not use more than dosage of 1% on calcareous stone surfaces (e.g. marble). Test material compatibility in a small, inconspicuous place before use.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

TASKI Sani Acid is available in 6x1L and 2x5L. Empty spray bottle and corresponding sprayers are also available. For manual dosing of 1 L and 5 L products, corresponding dispenser pumps are available.
