washroom cleaner

delphis
eco

Our EU Ecolabel accredited washroom cleaner is ideal for daily cleaning of all washroom surfaces.

It removes general soiling to leave all surfaces sparkling clean without any streaking and freshly fragranced. Scan the QR code below for more info.

benefits

- ✓ low pH prevents limescale build-up
- ✓ safe on rubber, plastic and metal surfaces
- ✓ reduced impact on aquatic life
- ✓ reduced use of hazardous substances
- ✓ phosphate and phosphonate free
- ✓ safe in septic tanks if used as directed
- ✓ readily biodegradable
- ✓ not tested on animals

application and directions

General cleaning: Apply a small amount to a damp cloth and wipe surface. For heavy cleaning spray directly onto surface, leave to stand and wipe clean. For larger surface areas such as floors, use a mop and bucket.

dilution ratios

Tested and effective, through certain applications, at a dilution ratio of up to 1:300. Dilute through 15ml dispensing unit for general cleaning.

General cleaning: 1 part concentrate to up to 50 parts water.
Light cleaning: 1 part concentrate to up to 80 parts water.
Heavy cleaning: 1 part concentrate to up to 10 parts water.

Proper dosage saves cost and minimises environmental impact: Delphis Eco encourage users to reduce waste going to land fill by re-filling empty trigger bottles with Washroom concentrate. Use the above dilution ratios for best results.

areas of usage

- wash basins and taps
- mirrors and glass
- baths and showers
- floors and wall tiles
- toilets and urinals
- stainless steel and ceramics

technical data

Figures are typical values and should not be used as specifications
